Hand Cast Resin & Resin Panels

Exquisitely hand cast in our UK studio our resin panels have a magical ethereal quality to them. Whether its crystal-clear resin applied to our beautiful panel wall coverings and unique Mother of Pearl bases or our colourful bespoke artistic pieces the qualities of light, colour & depth create an almost otherworldly look to the piece.

Hand cast directly onto panels or without a base for creative flexibility our bespoke resin designs are now available in three new collections:

**Aesthetic Collection – Unique bespoke artistic resin**

**Pearlesque Collection – Crystal clear resin on unique Mother of Pearl bases**

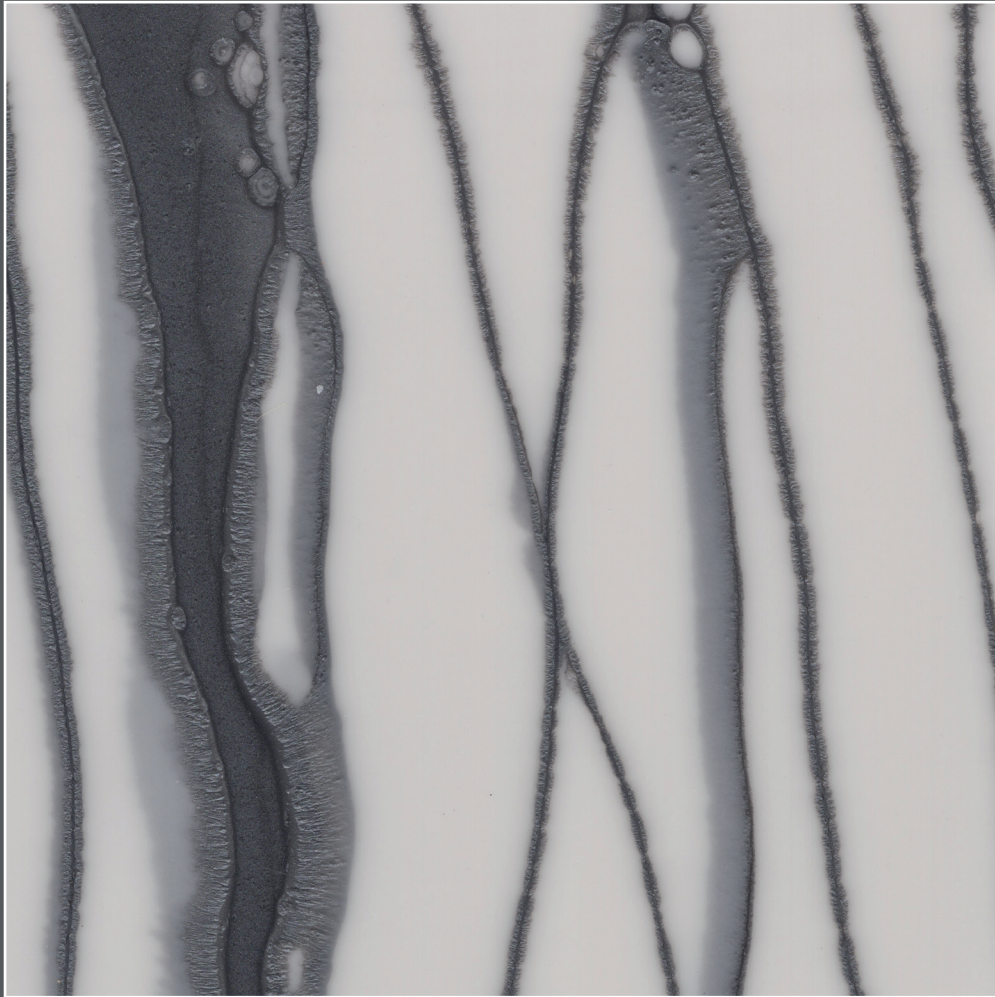

**Oriental Collection – Crystal clear resin on custom wall coverings creating unique bespoke panelling.**

Our finished product is polished to perfection & provides a chemical & scratch resistant surface. Ideal for decorative wall panelling & exquisite furniture.
